Color and model availability may vary depending on country, region or carrier. *Intel, the Intel logo are trademarks of Intel Corporation or its subsidiaries. **Screen size is measured diagonally as a full rectangle without accounting for the rounded corners. Actual viewable area is less due to the rounded corners. #Actual storage may vary due to pre-installed software. ##Rated (minimum) capacity is 54 Wh. The inbox charger and data cable are USB Type-C and are compatible only with Samsung Galaxy devices which have a USB Type-C port. The plug shape of the charger may vary by country.

1 Performance* you can count on

Conquer your day with the latest Intel® Core™ 3/5/7 processor and integrated Intel® graphics, delivering super-smooth performance for streaming and seamless multitasking. Plus, save the content you love with up to 2TB expandable SSD storage.

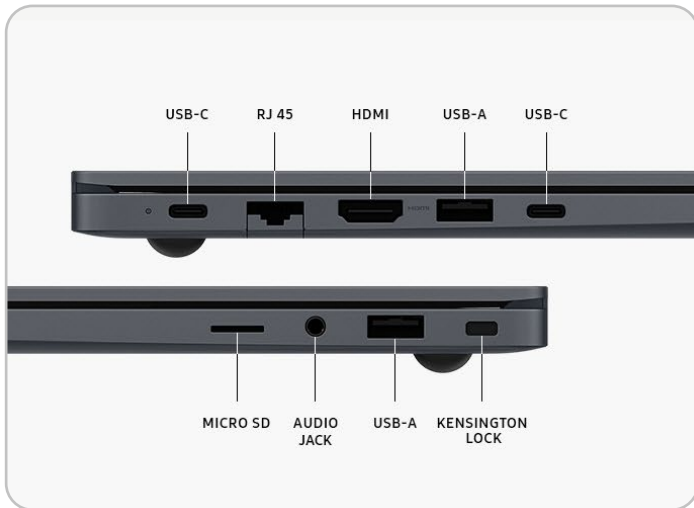

2 Light. Thin. A portability win.

With a full metal body weighing just under 1.6kg, Galaxy Book4 is sleek, compact and portable**. The wide 39.62cm display# brings onscreen visuals to life in full HD with details that are a treat for your eyes.

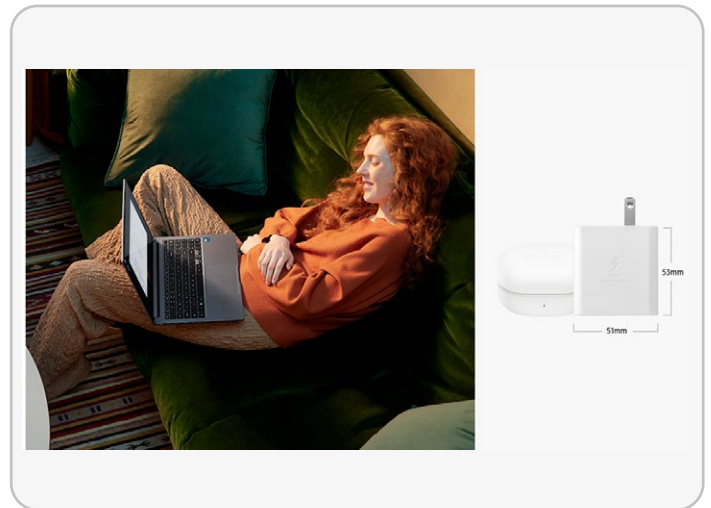

Image simulated. Color and model availability may vary depending on country, region or carrier. Intel, the Intel logo, and Intel Core are trademarks of Intel Corporation or its subsidiaries. Screen simulation shows Adobe Photoshop. Adobe Photoshop is a trademark/registered trademark of Adobe Inc. *CPU and GPU specifications vary depending on model, configuration, country or region. Expandable SSD storage sold separately. Adobe product screenshots reprinted with permission from Adobe. **Thickness and weight vary by model, configuration, country or region. #Screen size is measured diagonally as a full rectangle without accounting for the rounded corners. Actual viewable area is less due to the rounded corners.

3 More ports. Full dongle-free support.

The slim Galaxy Book4 boasts a wide array of built-in ports to ensure you're connected. Plug in via HDMI v1.4, two USB-A and two USB-C ports, microSD slot and an RJ45 port for high-speed LAN connections.

4 Super compact charger. Battery life you can trust.

Productivity lasts with Galaxy Book4's battery*, even when you're on the go. Power up in a snap using the light and portable charger that is also compatible with your other Samsung Galaxy devices.

5 Use your phone as a connected** camera

Use your Galaxy smartphone as a webcam for stunning clarity during video calls on Galaxy Book4. Use front or rear camera to find your angle, and enjoy enhanced video effects in video applications.

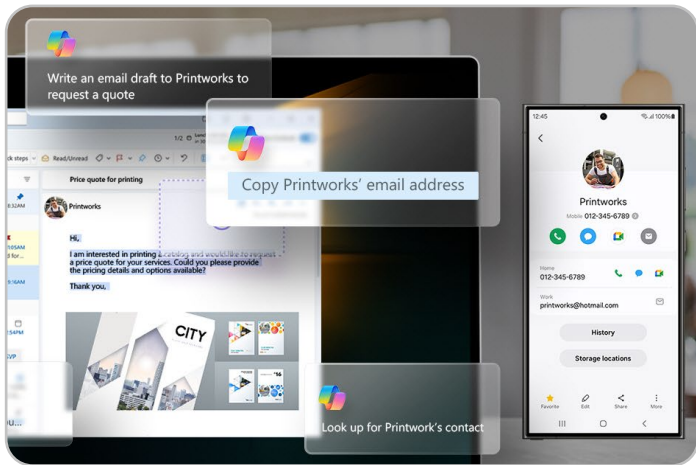

6 Dolby Atmos. Ear-resistible sound quality.

Hear and feel the action in games and movies with immersive audio from Galaxy Book4's dual speakers. Tuned with Dolby Atmos[#], the speakers surround you with clear, rich sound that takes your entertainment to the next level..

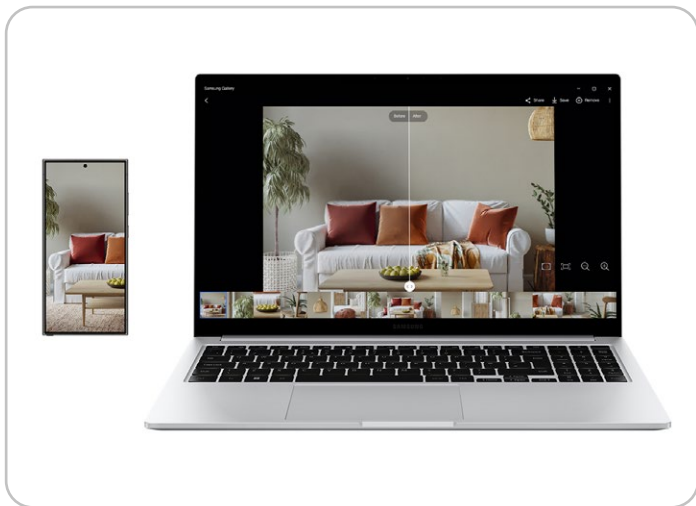

Image simulated. Color and model availability may vary depending on country, region or carrier. *Rated (minimum) capacity is 54 Wh. Battery life varies significantly depending on settings, network environment, usage patterns and other factors. Actual charging speed may also vary depending on the actual usage, charging conditions and other factors. The inbox charger and data cable are USB Type-C and are compatible only with Samsung Galaxy devices which have a USB Type-C port. The plug shape of the charger may vary by country. Samsung Galaxy Buds2 Pro sold separately. **To use phone as a connected camera service, users must link their Samsung Galaxy device to their Windows PC through 'Link to Windows' on mobile devices and the Microsoft Phone Link App on PC and follow the set-up prompts, including being signed into the same Microsoft account. PC (Microsoft Phone Link App) requires Windows 11 24H1 or above and Phone requires OneUI 1.0 or above. Microsoft Phone Link requires Samsung Galaxy device to be on the same Wi-Fi network as the PC. Some related features may vary by device. Galaxy S24 Plus and Galaxy Book4 sold separately. Windows feature availability and rollout timing vary by country and device. Requires Microsoft account to log in. #The dual-speaker system on Galaxy Book4 features two stereo speakers. Dolby Atmos & Double-D are trademark/registered trademark of Dolby Laboratories Licensing Corporation. All third party logos/brands are trademarks/registered trademarks of the respective third party's brand/owner.

7 Copilot. Your own personalized AI.

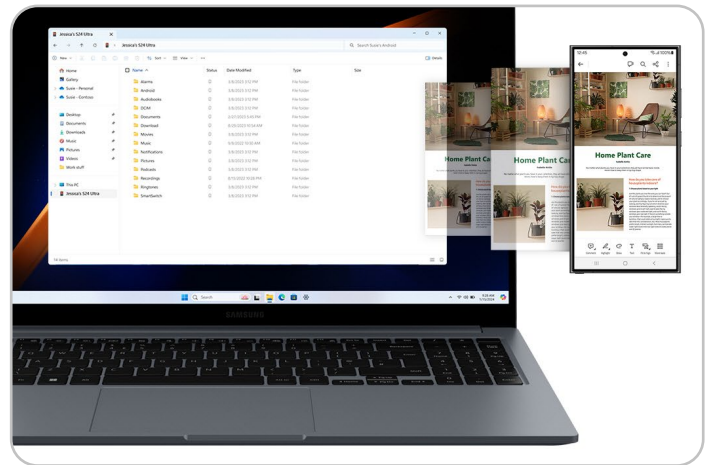

Stay on top of your tasks via quick chat prompts with Copilot's personalized AI assistance*. Plus, get smarter communication tools — access contacts and send messages effortlessly from your PC or Samsung Galaxy mobile device with a simple chat command.

9 Meet your AI photo editing ally: Photo Remaster

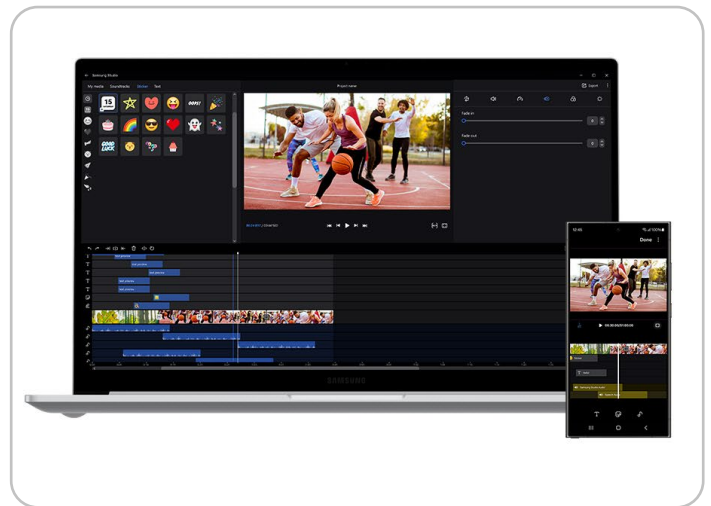

The AI-powered Photo Remaster tool lets you breathe new life into old photos and low-quality images. The feature allows you to clean up blurry photos, as well as remove unwanted light and shade from your snaps with just a tap.

8 Connect your phone and PC for seamless access

Get direct access to content on your phone right from your laptop with File Explorer**. Simply set up the wireless connection between your devices and you're set — search for the files and photos you need, then open them seamlessly from your PC.

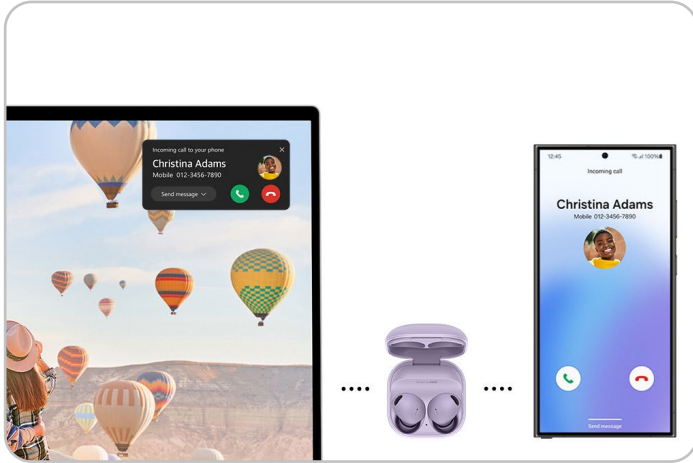

10 Samsung Studio. Create and edit seamlessly.

Shoot a video and start cutting on one of your Samsung Galaxy mobile devices, then export easily via Quick Share# to add final touches with precision on the big screen of Galaxy Book4.

Screen image simulated for illustrative purposes. Actual UX/UI may be different. Color and model availability may vary depending on country, region or carrier. Devices shown are sold separately. *Copilot in Windows feature availability and rollout timing may vary by country and device. Requires Microsoft account to log in. MMS messaging in Copilot in Windows will be supported within the first half of 2024. **File Explorer in Windows feature availability and rollout timing may vary by country and device. Requires Microsoft account to log in. Seamless access between phone and PC will be supported within the first half of 2024. #Share project is available on Samsung Galaxy smartphones and Galaxy Tab devices updated to One UI 6.1 or later versions and with the Samsung Studio mobile app installed. When sharing a project from a mobile device to a PC, the sharing method such as Quick Share can be selected from a list by opening the Share project menu. The received file can be opened on PC by loading the project after selecting the Import project menu in the Samsung Studio PC app. Samsung Studio PC app usage may require an app update from the Microsoft Store. All third party logos/brands are trademarks/registered trademarks of the respective third party's brand/owner.

11 Buds Auto Switch keeps you flowin

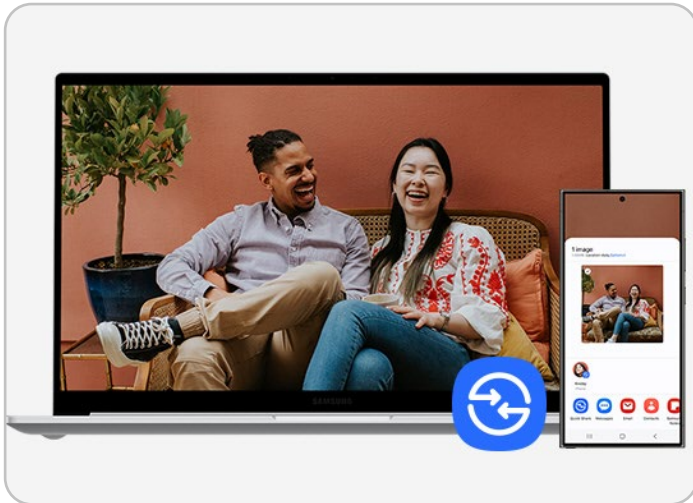

Your sound follows you seamlessly from one device to another when paired with Galaxy Buds*. If you get a call while on Galaxy Book4, your Buds will switch automatically to your phone without missing a beat.

12 It's all under control with Multi Control

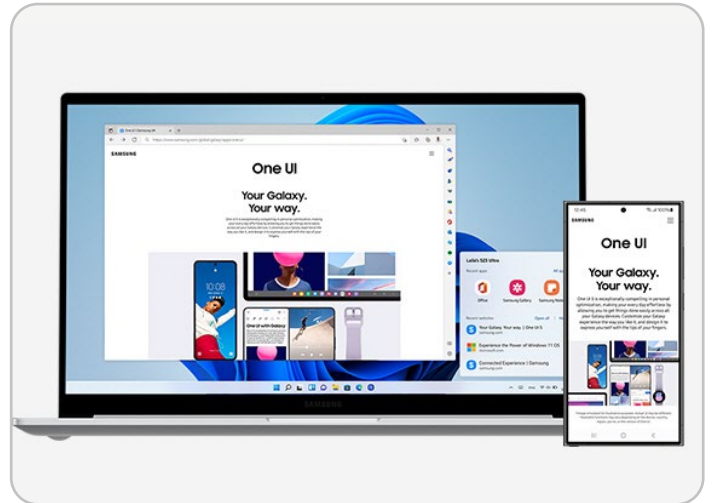

Enhance your work productivity across your Samsung Galaxy devices with Multi Control. Use Galaxy Book4's keyboard with a mouse to easily navigate your smartphone or Galaxy Tab**.

13 Quick Share. File transfer at your fingertips.

Quick Share# lets you exchange large files, presentations and final works between Samsung Galaxy devices in a flash via direct wireless pairing.

14 Unleash your mobile experience on your PC

The Phone Link## app lets you access notifications, calls, messages, recently viewed webpages and even your Samsung Galaxy device's mobile hotspot right from your Galaxy Book4.

Screen image simulated for illustrative purposes. Actual UX/UI may be different. Color and model availability may vary depending on country, region or carrier. Devices shown are sold separately. Devices shown are sold separately. *Available on Samsung Galaxy Buds2 Pro updated to the latest firmware version, Samsung Galaxy smartphones and Galaxy Tab devices with One UI 4.1.1 or later versions and Galaxy Book series devices with One UI 6.0 or later versions installed. **Mouse sold separately. Samsung Galaxy devices must be connected to the same network. Samsung Multi Control is available on Samsung Galaxy smartphones and Galaxy Tab devices with One UI 5.1.1 or later versions and Galaxy Book series devices with Samsung Settings v1.2 or later versions installed. Some models may have limited feature support. Some apps may not support this feature. *Available on devices with One UI 2.1 or above, with Android Q OS version or higher installed. Bluetooth Low Energy and Wi-Fi connection are both required for Quick Share. Supports Galaxy Books, including Qualcomm-based PCs released in 2020 and later, and Windows PCs with Intel Bluetooth/Wi-Fi from other manufacturers. (OS: Windows 10 2004 version or higher, Bluetooth driver: Intel 22.50.02 or higher, Wi-Fi driver: Intel 22.50.07 or higher). Number of devices Quick Share can share to at the same time may vary depending on the Wi-Fi chip hardware of the sharing device. Actual speed may vary depending on device, network condition and user environment. The transferable type, number, capacity and expiry date of files, as well as the number of simultaneous file shares in Private Share may be limited. **The Samsung Galaxy device and PC must be linked via 'Link to Windows' and 'Microsoft Phone Link' apps and signed into the same Microsoft account. Link to Windows preloaded on select Samsung Galaxy devices. Tablets require One UI 5.1.1 or above, PCs require Windows 10 or above. It is recommended that the mobile device and PC are on the same Wi-Fi network. Some mobile apps may restrict content to be shared on other screens. Features may vary by device. Tablets do not include Call/Message features. 'Recent Websites' only available when using Samsung Internet app on Samsung Galaxy smartphones with One UI 3.1.1 or above (Samsung Galaxy S, Note, Z Fold, Z Flip), tablets with One UI 5.1.1 or above (only Tab S models, not Tab FE or Tab Lite models) and Windows PCs with Windows 10 20H1 or above. Requires latest app updates to Microsoft Phone Link/Link to Windows/Samsung Internet. All third party logos/brands are trademarks/registered trademarks of the respective third party's brand/owner.
