

Galaxy Book4 Ultra

Processor	Intel Core Ultra - i9 i7*
Display	2X AMOLED + Touchscreen Display 120Hz 40.64cm**
Memory	16GB/32GB/64GB LPDDR5X
Storage	1TB/2TB SSD
Battery	76 Wh [#]

● Gray

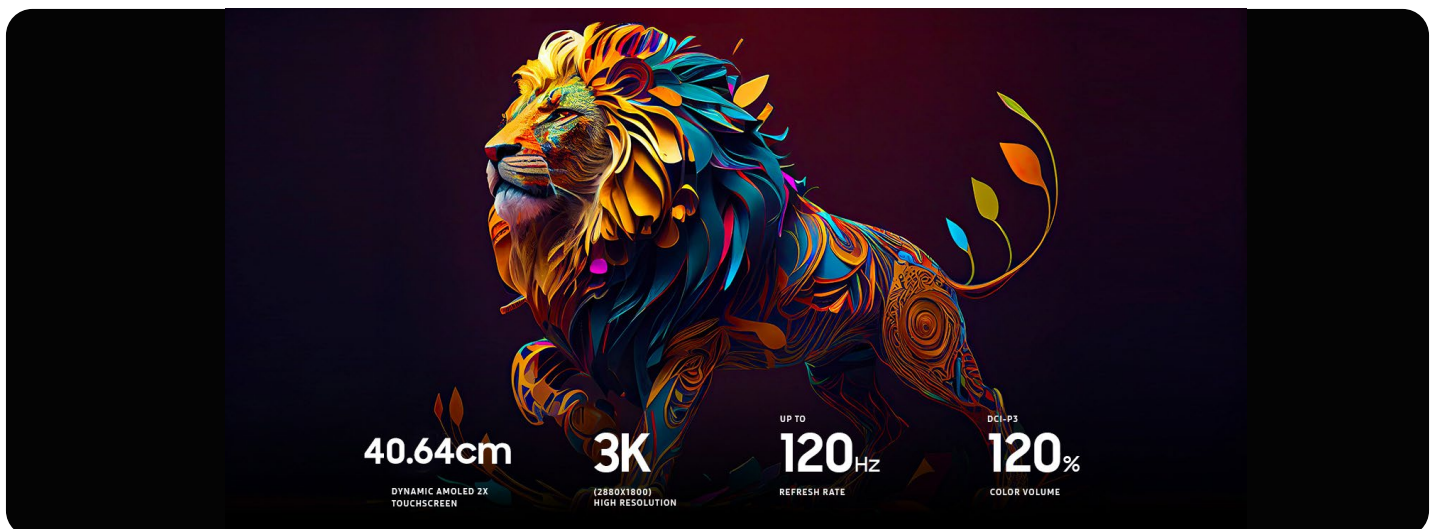

Image simulated. Color and model availability may vary depending on country, region or carrier. *Intel, the Intel logo and Intel Core are trademarks of Intel Corporation or its subsidiaries. **Screen size is measured diagonally as a full rectangle without accounting for the rounded corners. Actual viewable area is less due to the rounded corners. Blue light emission is reduced compared with conventional LCD display. The Dynamic AMOLED 2X display used in Galaxy Book4 Ultra has received the "Cinematic Experience" certification from SGS based on its wide color gamut (120% of DCI-P3) and its low-luminance expression capability below 0.0005 nits. The display has maximum brightness of 400 nits and can achieve peak brightness of 500 nits when displaying HDR content only, with a 1,000,000:1 contrast ratio. The Dynamic AMOLED 2X display used in Galaxy Book4 Ultra has received the "Eye Care" certification from SGS based on its ability to drastically reduce the harmful effects of blue light. The Dynamic AMOLED 2X display used in Galaxy Book4 Ultra has received the "Gaming Performance" certification from SGS, by recording respectively 0.2ms or less and 0.0005 nits or less in response time and perfect black. Some certain applications or game interfaces may support less than 120Hz due to reasons like compatibility. Typical value of battery capacity tested under third-party laboratory condition. *Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Rated (minimum) capacity is 73.8Wh. Based on results from internal lab tests for local video playback time conducted by Samsung. Tested with results from a pre-release version of the device using inbox 140W charger under settings (1080p video playback from video files stored on the device's local storage, player-Windows video players (Media Player, Movies & TV, Films & TV) with full screen, brightness-150nits, wired earphone with default volume, airplane mode on, keyboard backlight off) without connection to Wi-Fi or mobile network, measuring the time until the device is discharged to 2%. Battery life varies significantly depending on settings, network environment, usage patterns and other factors. Actual charging speed may also vary depending on the actual usage, charging conditions and other factors. Battery capacity and amount of charge after a 30-minute charge vary by configuration. The inbox charger and data cable are USB Type-C.

1 Unbeatable performance. Boosted by AI.

Manage heavy tasks swiftly with the Intel® Core™ Ultra processor. Experience superior AI performance with an advanced NPU* paired with NVIDIA® GeForce RTX™ Laptop Graphics, delivering immersive visuals.

2 Dynamic AMOLED 2X. Your creations displayed brilliantly.

Galaxy Book4 Ultra's 40.64cm display** brings your creative vision to life with high resolution, vibrant colors, smooth scrolling, onscreen motion, and reduced blue light for eye comfort.

3 New touchscreen. Creativity* at your fingertips.

Handily create and navigate on Galaxy Book4 Ultra with the responsive touch panel. The Dynamic AMOLED 2X display allows intuitive multi-touch gestures, letting you tap and edit content directly.

4 Anti-reflective cover glass. Dazzling views at any angle.

See what you love clearly with Corning® Gorilla® Glass with DX**. The anti-reflective cover reduces distractions and glare for sharp, readable onscreen content at various angles and in bright conditions.

5 Vision Booster. The clear solution to glare.

Pr Shown with
Adobe Premiere Pro

Experience clear screens in sunlight with Vision Booster*. An outdoor algorithm enhances contrast and colors based on light conditions, ensuring a vibrant picture be it indoors or outdoors.

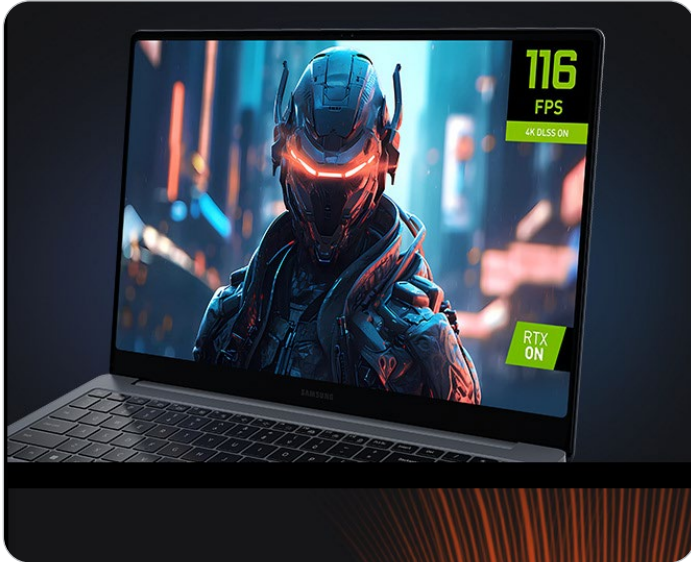

6 Fast charging. All-day productivity.

Work without interruption with the long-lasting 76Wh (typical) battery for up to 21 hours of video runtime. Power up your laptop with 55% charge in just 30 mins**, with a light and portable charger.

Image simulated. Color and availability may vary depending on country or carrier. *Vision Booster feature available only when HDR Mode is turned off. Screen simulation shows Microsoft Teams video calling with chat and polling. Microsoft Teams is licensed separately. Microsoft Teams is a trademark/registered trademark of Microsoft Corporation. Features and app availability may vary by region.

11 Quad speakers amp up your sound quality

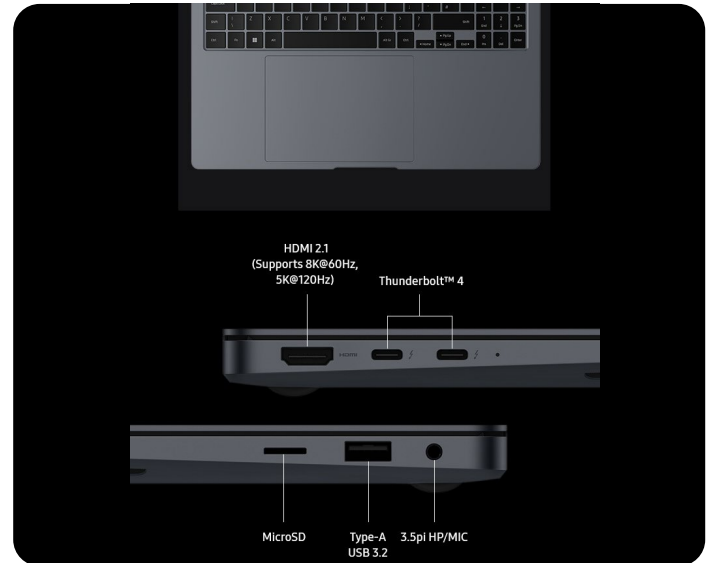

Hear all the action in epic detail with the clarity and depth of the quad-speaker system, tuned with AKG and Dolby Atmos* for champion-level surround sound.

13 Earth-friendly innovation. Carbon Trust Certified.

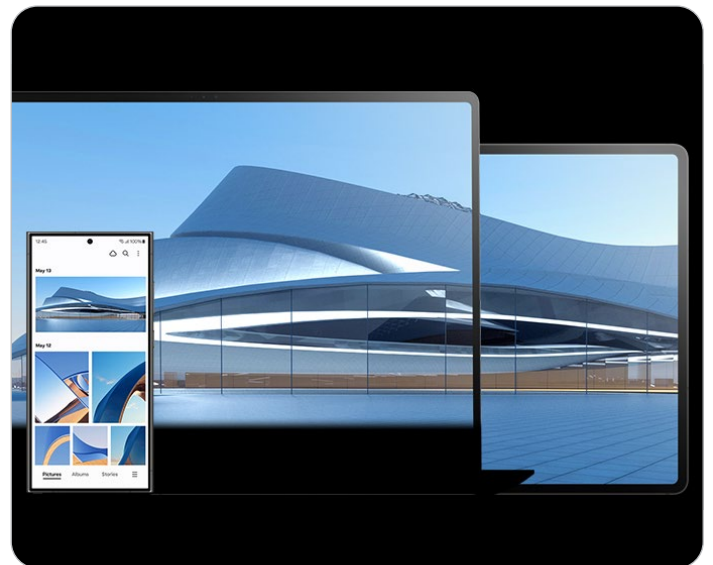

With a Carbon Trust Certification[^] for reduced carbon footprint, Galaxy Book4 Ultra is crafted with the planet in mind with recycled materials and 100% paper packaging. Unbox the change.

12 Ports. Get plugged-in like never before

Enjoy extreme productivity with massive touch pad and versatile built-in ports - upgraded HDMI, USB-A, microSD slot and even two Thunderbolt 4 ports for lightning-fast 40 Gbps file transfers.

14 Samsung Galaxy Ecosystem

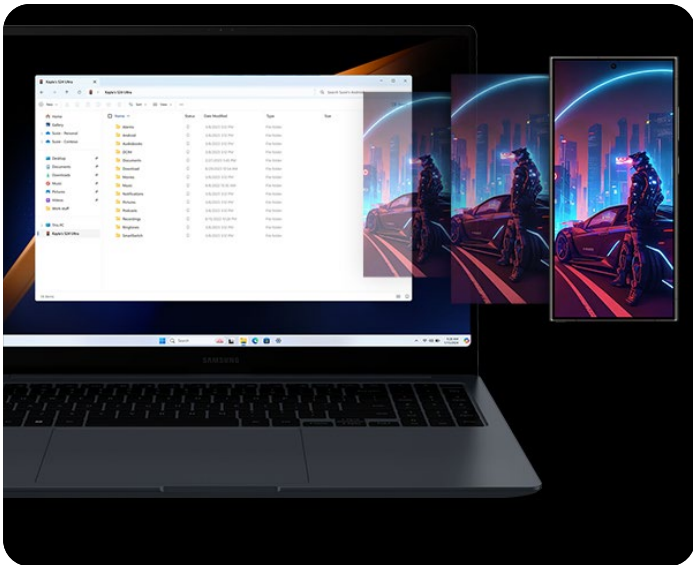

Wield the power of the entire Galaxy Ecosystem by connecting various Galaxy devices wirelessly. Control your tab or phone from your laptop, share between devices seamlessly and safely, and take your job from phone to your laptop without losing any work input. Enjoy interconnectivity like never before.

15 Use your phone as a connected* camera

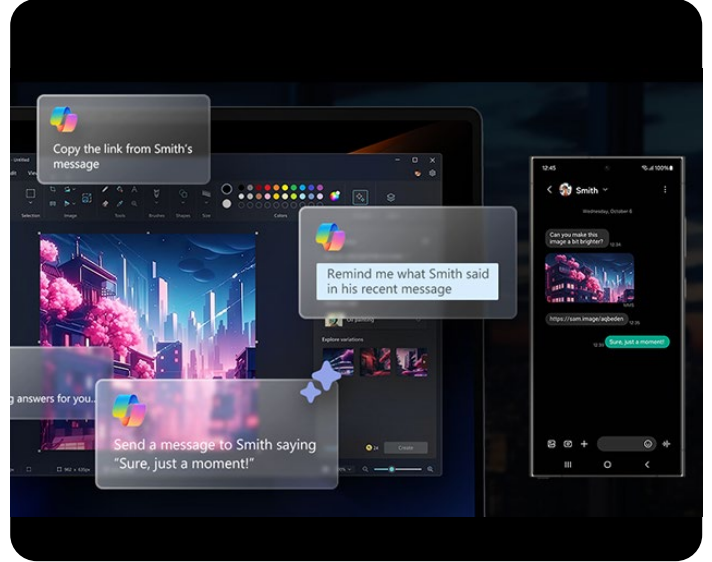

Upgrade video calls to stunning clarity using your Galaxy smartphone's camera. Connect seamlessly to your Galaxy Book4 Ultra, and enjoy a high-quality picture with enhanced video effects.

17 Access your phone seamlessly from PC

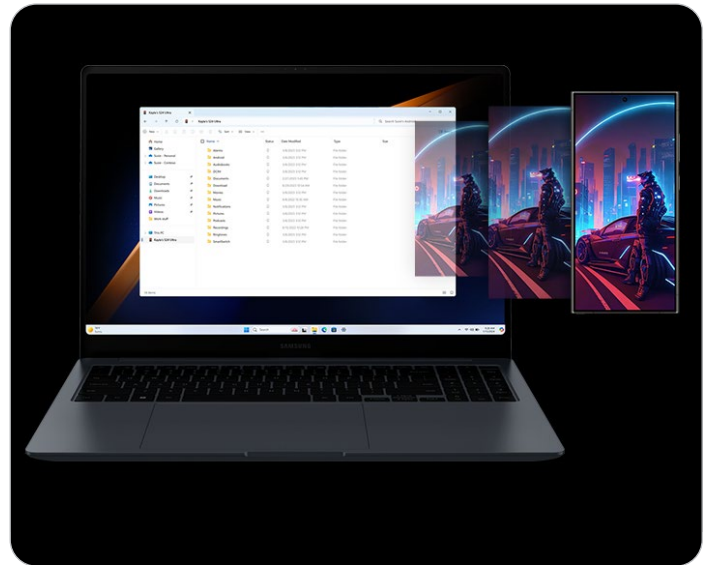

Get direct access to content on your phone right from your laptop with File Explorer^{##}. Set up the wireless connection between your devices and you're set, search for the files and photos you need.

16 Copilot#. Your own personalized AI.

Stay on top of your tasks with Copilot's personalized AI assistance. Plus, get smarter communication tools, access contacts and send messages easily from your PC or Samsung Galaxy mobile.

18 Meet your AI photo editing ally: Photo Remaster

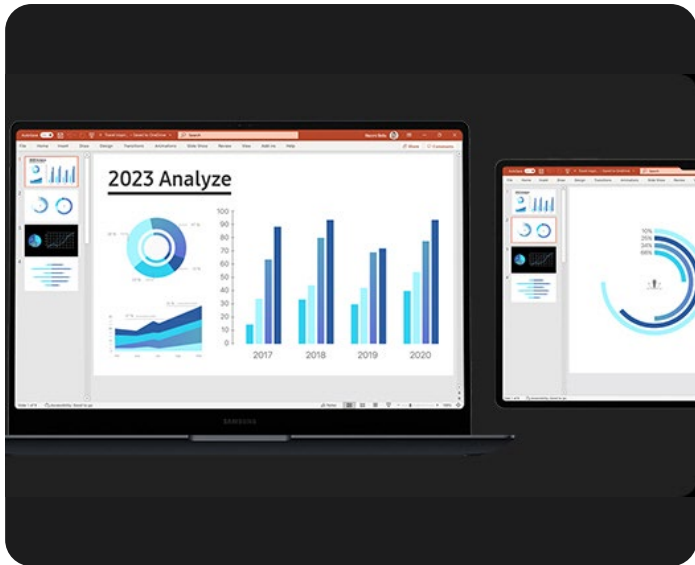

The AI-powered Photo Remaster tool brings new life into old photos and low-quality images. The feature allows you to clean up blurry photos, remove unwanted light and shade with just a tap.

19 Samsung Studio*. Create and edit seamlessly.

Create your next masterpiece across devices with Samsung Studio. Shoot a video and start cutting on one of your Samsung Galaxy devices, export easily via Quick Share to add final touches.

21 Two screens are better than one

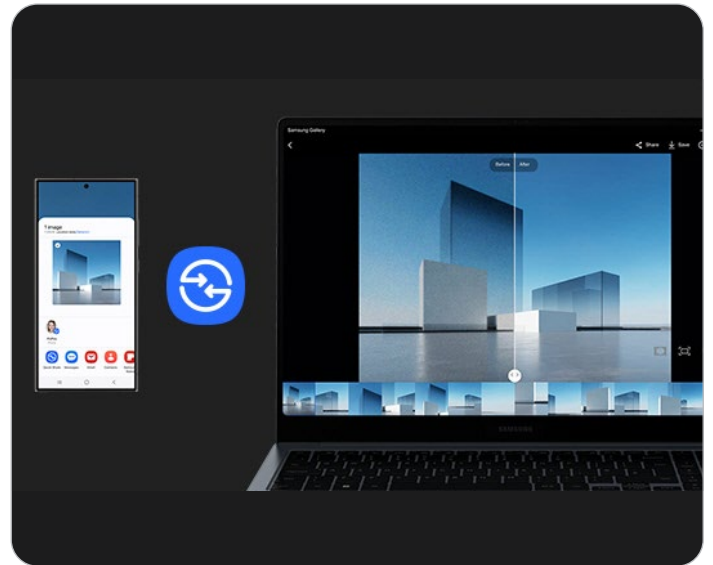

Get an instant dual-monitor# experience with your Galaxy Book4 Ultra and Galaxy Tab side by side. Launch the Second Screen app from your laptop, then use Extension or Duplicate mode.

20 It's all under control with Multi Control

Take charge of your creative process across devices with Multi Control **. Use your Galaxy Book4 Ultra's keyboard with a mouse to tackle projects on your smartphone or Galaxy Tab.

22 Quick Share. File transfer at your fingertips.

Quick Share## lets you exchange large files between Galaxy devices in a flash via direct wireless pairing. The private sharing feature protects your sensitive data with blockchain technology.

Image simulated. Actual UX/UI may vary. *Share project is available on Samsung Galaxy smartphones and Galaxy Tab devices updated to One UI 6.1 or later versions and with the Samsung Studio mobile app installed. When sharing a project from a mobile device to PC, the sharing method such as Quick Share can be selected from a list by opening the Share project menu. The received file can be opened on PC by loading the project after selecting the Import project menu in the Samsung Studio PC app. Samsung Studio PC app usage may require an app update from the Microsoft Store. **Mouse sold separately. Samsung Galaxy devices must be connected to the same network. Samsung Multi Control is available on Samsung Galaxy smartphones and Galaxy Tab devices with One UI 5.1.1 or later versions and Galaxy Book series devices with Samsung Settings v1.2 or later versions installed. Some models may have limited feature support. Samsung Galaxy S24 Ultra and Galaxy Book4 Ultra sold separately. #For a better experience, both devices must be signed in to the same Samsung account. Available on select Samsung Galaxy Tab models only, including Galaxy Tab S9, Tab S9+, Tab S9 Ultra, Tab S9 FE, Tab S9 FE+, Tab S8, Tab S8+, Tab S8 Ultra, Tab S7, Tab S7+, Tab S7 FE and Tab Active4 Pro with One UI 3.1 or later versions installed. Available on Samsung Galaxy Book series devices with Windows 10 2004 OS or later version installed. Some additional functions are supported only on Samsung Galaxy Book series devices. Some apps may not support this feature for content protection purposes. ##Available on devices with One UI 2.1 or above, with Android Q OS version or higher installed. Bluetooth Low Energy and Wi-Fi connection are both required for Quick Share. Supports Galaxy Books, including Qualcomm-based PCs released in 2020 and later, and Windows PCs with Intel Bluetooth/Wi-Fi from other manufacturers. (OS: Windows 10 2004 version or higher, Bluetooth driver: Intel 22.50.02 or higher, Wi-Fi driver: Intel 22.50.07 or higher). Number of devices Quick Share can share to at the same time may vary depending on the Wi-Fi chip hardware of the sharing device. Actual speed may vary depending on device, network condition and user environment. The transferable type, number, capacity and expiry date of files, as well as the number of simultaneous file shares in Private Share may be limited.
